

MASTER'S

Communication Complexity Course Poll October 4

Please try to give integral scores... ;-)

1. Overall, what do you think about the **quality of presentation in the lectures on info theory and the disjointness bound**? 5 = very good; 4 = fairly good; 3 = OK/neutral; 2 = fairly bad; 1 = very bad.

1 2 3 | 4 ||| 5 //

2. Overall, what do you think about the **speed of the lectures on info theory and the disjointness bound**? 5 = much too fast; 4 = a bit too fast; 3 = about right; 2 = a bit too slow; 1 = much too slow.

1 2 3 ||| 4 || 5

3. Overall, what do you think about the **material covered in Troy's guest lectures**? 5 = very interesting; 4 = fairly interesting; 3 = OK/neutral; 2 = not very interesting; 1 = not at all interesting.

1 2 3 | 4 || 5 |||

4. Overall, what do you think about the **quality of the presentation in Troy's guest lectures**? 5 = very good; 4 = fairly good; 3 = OK/neutral; 2 = fairly bad; 1 = very bad.

1 2 3 || 4 // 5 //

5. Overall, what do you think about the **speed of Troy's guest lectures**? 5 = much too fast; 4 = a bit too fast; 3 = about right; 2 = a bit too slow; 1 = much too slow.

1 2 3 ||| 4 // 5

6. What do you think about that we tend to **run over 5 min on the first half of the lecture** and only get a 10 min break? 5 = very good; 4 = fairly good; 3 = OK/neutral; 2 = fairly bad; 1 = very bad.

1 2 3 ||| 4 // 5 |

7 ~~6~~. How do you like these course polls? 5 = seem really useful; 4 = seem fairly useful; 3 = neutral as to the value; 2 = seem not very useful; 1 = seem not useful at all.

1 2 3 || 4 ||| 5

8. I am a

Master's student

PhD student or PhD

9. Any other comments or questions? (Please continue on the back if you need additional space.)

Master's

Would be nice to have notes before lecture

[About Troy's lectures:] The first was messy (2).
The second was nicer (4)

PhD

[Re: running over 5 minutes:] We don't always
start on time.

[About Troy's lectures:] Would be better if Troy
would have given some higher level ideas
in the lecture
