

ANDREAS LUNDBLAD

CURRICULUM VITAE

Facts About Me

Full Name	Andreas Lundblad
Date of Birth	21 st September 1983
Address	Holländargatan 24 113 59 Stockholm
Phone No.	+46 739 18 11 13
E-mail	landreas@kth.se

Education

2007–	Started my Ph.D. studies in Formal Methods at the Royal Institute of Technology (KTH), Sweden.
2002–2007	M.Sc., KTH, Computer science, (Formal design techniques).
1999–2002	Tensta Gymnasium, technical natural science.

Professional Experience

2007–	Developed a web shop together with a CMS for a jewelry shop and a web community for a Careers Fair. Both through my own firm, Aioobe Software.
2003–2006	Hired as extra employee at SAAB Technologies, Electronic Warfare Systems Division. Worked during summers and vacations. Most assignments concerned implementation of automatic tests and software development for anti-radar systems in general. Participated in meetings with the Italian Air force in Pratica de Mare, Italy (November 2006).
2002	Web community developer for FriaListan.
2001	Ran a small project called TV-Info. Developed / installed TV-based information system at Järfälla Gymnasium.
2000	Practical training in computer / network maintenance at Ericsson Kista.

Computer Skills

Programming	Since 1996 as a hobby and since 2004 professionally in, among other languages, Java, C++, Matlab, Pascal, Assembly, Basic, PHP, Haskell, Prolog.
OS	Experience from several Linux distributions. Use Windows and MacOS X occasionally.
Databases	Theoretical and practical experience. Used MySQL, PostgreSQL both in my hobbies and professionally.

Languages

Swedish Mother tongue
English Fluent in speech and writing. Lived in US, California for three years as a kid.
German Limited

Miscellaneous Achievements

May 2008 Honor Grant: Best M.Sc. student among CS graduates of 2007.
October 2006 Placed 14 out of 87 in the Nordic Collegiate Programming Contest.
June 2006 Finished Stockholm Marathon on 4 hours and 35 minutes.
December 2005 Completed the course *Problem Solving and Programming under Pressure* as best student.
September 2003 Driving License

My Spare Time

Programming I often write games of my own. My latest project: *TetrisTournaments* which features on-line gaming, challenges, bots and lots more. 23 kloc.
Running A couple of times a week I train long distance running.
Juggling Ever since I was a kid I have juggled. I have my own set of knives, clubs, torches and enjoy putting up shows.
Friends and family I like spending time with my friends, my girlfriend and my daughter.
